2014-2015 \$3,000  
AY 2015 \$3,000

## TAKEBACK PROGRAM CONSUMER CONTACTS

8a. What Web site address do you provide to consumers for information on your Takeback program? [www.nabitablet.com/recycle](http://www.nabitablet.com/recycle)

8b. If the Web site address above includes a link to the Takeback program describe how to find that link on the Web site: The link provided in Question 8a is a direct link to the Fuhu mail back program for nabi tablets.

8c. If provided, what telephone number do you provide to consumers for information on your Takeback program? 855-ASK-NABI

## TAKEBACK PROGRAM INFORMATION

9. What are the primary method(s) utilized by your Takeback program? Check up to two boxes.

Mailback ☒

Permanent collection site ☐

Collection events ☐

Retailer ☐

9a. Identity of the person responsible for coordination of the Takeback program.

Name: Bryan Ko

e-mail address: [bryan.ko@fuhu.com](mailto:bryan.ko@fuhu.com)

Phone #: 310-227-8230

9b. Please describe your Takeback program.

The only covered electronic device manufactured by Fuhu, Inc. for sale to Michigan consumers are the nabi branded tablets. We offer several nabi tablets, all under the nabi brand, including the nabi 2, the nabi JR, nabi 2S, nabi XD, and the DreamTab. Since tablets are small and lightweight (roughly 1.25 lbs.), a mail-back program is ideal for Fuhu customers to return their nabi branded tablet for recycling. At the website listed in response to Question 8a., Fuhu customers can enter their information on a form that will then generate a pre-paid mail-back label. Alternatively, customers can contact Fuhu through our nabi cares customer service program at the number listed in response to Question 8c. The product will be returned through Fuhu for recycling by ERI. The shipping and recycling of a nabi tablet is free to Fuhu consumers.

9c. Are appropriate devices covered with your Takeback program? Check appropriate box:

If you are a manufacturer of computers do you accept all brands?

Yes ☐

No ☒

N/A ☐

If you are a manufacturer of video display devices do you accept all brands?

Yes ☐

No ☐

N/A ☒

9d. Is your Takeback program free to consumers?

Yes ☒

No ☐

9e. Is your Takeback program reasonably convenient and available to and otherwise designed to meet the needs of consumers in this state?

Yes ☒

No ☐

9f. What is the number of devices a consumer may deliver to your program each day? Unlimited ☒ # \_\_\_\_\_

10. What information do you provide to consumers on how and where to return covered electronic devices that are labeled with your name or brand label?

All information is available at [www.nabitablet.com/recycle](http://www.nabitablet.com/recycle). The website instructs consumers on how to return their nabi tablet via the Fuhu mail back program.

11. How do you provide information to consumers on how and where to return covered electronic devices?

All information is available at [www.nabitablet.com/recycle](http://www.nabitablet.com/recycle). The website instructs consumers on how to return their nabi tablet via the Fuhu mail back program.

**TAKEBACK PROGRAM REPORT** (include this information beginning with the first registration submitted after the implementation of the Takeback program)

12a. List the number of permanent collection and/or recycling locations in the state of Michigan. 0

- a(1) The number of those collection sites that are located in counties with a population of less than 20,000 people. 0

12b. The number of collection events held during previous registration year in the state of Michigan. 0

12c. List the weight of the covered electronic devices received by the Takeback program from consumers during the prior year:

0 tons thru collection locations 0 tons through collection events 0 tons through retailers 0 tons by mailback.

13. Describe the processes and methods used to recycle or reuse the covered electronic devices received from consumers: During the October 1, 2013 to September 30, 2014 program year, the Fuhu mail-back program was in place for Fuhu customers in Michigan to return their Nabi branded tablets. However, no Michigan consumer chose to utilize the mail-back program. Therefore, the total weight of covered electronic devices received from consumers during the October 1, 2013 to September 30, 2014 program year was 0 lbs.

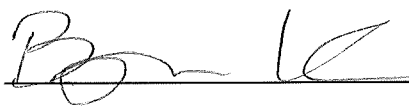

If a consumer had chosen to return their nabi tablet via the Fuhu mail-back program, that tablet would have been sent to Electronic Recyclers International, Inc. (ERI) for recycling at ERI's Plainfield, Indiana facility. ERI's Indiana facility is e-Stewards, R2, ISO 14001, ISO 9001 and OHSAS 18001 certified.

Upon receipt, materials are separated into two streams: glass-containing items and all other e-waste. Glass-containing items will be separated from all other e-waste. Glass containing items will be moved to a separate area where the CRTs will be removed from their outer casings. The glass will then be cleaned and cut using ERI's dry-process glass cleaning system to separate the panel glass from the funnel glass. The clean panel and funnel glass is now in commodity form to be sent as a commodity for the manufacturing of new CRTs.

All other e-waste will be designated and prepared for shredding. For efficiency, material is shredded in batches, by grade of commodity. E-waste will be sorted and staged into the following grades: high grade; low grade/medium grade; low grade copper; and items that cannot be shredded, such as wood and fluorescent tubes. Items that cannot be shredded go directly to a de-manufacturing table. All other materials are prepared for shredding. Batteries will be removed from any devices and managed as necessary. E-waste will be processed through the shredder and will be separated into plastics and metals, allowing ERI to increase the value of these commodities. Plastics and metals will be stored in baled or loose commodity form until they are sold and shipped from the ERI facility.

ERI's recycling process and shredding and glass cleaning technology ensure that all e-waste including covered electronic devices collected under the Michigan program leaves ERI in commodity form as plastic, metal and glass. The material is sent to vendors compliant with the e-Stewards and R2 standards and have been thoroughly audited and vetted by ERI.

I, the undersigned registrant, swear and affirm, UNDER PENALTY OF LAW, that the statements contained herein are true and correct. I certify under penalty of law that the information contained on this form, to the best of my knowledge and belief, is true, accurate, and complete. I am aware that there are significant penalties for submitting false information.
